Title: Correlates of Opium Use: A Study in Tribal Community of Arunachal Pradesh, India

Version: 2 Date: 15 January 2013

Reviewer: Brian Ahmedani

Reviewer’s report:

Minor Essential Revisions

The authors sufficiently answered my main methodological and structural questions regarding the study. Nonetheless, there remains a need to make numerous English Language corrections. The authors state that they will work with the editors to make these improvements. The editors may agree to this suggestion, however, the authors may need to work with an English Language specialist who is separate from the journal.

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
