Reviewer's report

Title: Validation of a Self-Administered Questionnaire to Assess Bullying in a Highly Violent Mexican Communities

Version: 1 Date: 20 November 2012

Reviewer: Angeles Aedo

Reviewer's report:

The manuscript seems well written and with sufficient scientific foundation for publication. The authors followed the traditional methodology of validation of questionnaires and resulting instrument can be useful to assess bullying in communities with high risk of violence in Mexico

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
