Reviewer's report

Title: Validation of a Self-Administered Questionnaire to Assess Bullying in a Highly Violent Mexican Communities

Version: 2 Date: 8 February 2013

Reviewer: Alfgeir Logi Kristjansson

Reviewer's report:

I congratulate the authors for a job well done on the revisions. I am willing to accept the paper in its current form if the authors would change the repetitive wording of "linkert" to "Likert" with capitals. The Likert scale is named after the psychologist Rensis Likert and should be referred to as such.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
