Reviewer’s report

Title: Factors Associated with HIV Infection among Men Who Have Sex with Men in Henan Province, China: A Cross-Sectional Study

Version: 1 Date: 12 December 2012

Reviewer: Yuhua Ruan

Reviewer's report:

HIV infection is rapidly increasing in Chinese MSM. Many papers about HIV infection among Chinese MSM have been published at international journals or Chinese journals in the past.

Level of interest: An article of insufficient interest to warrant publication in a scientific/medical journal

Quality of written English: Needs some language corrections before being published

Statistical review: No, the manuscript does not need to be seen by a statistician.
