Title: Modeling Predictors of Drug Risk among Male Street Laborers in Urban Vietnam

Version: 5 Date: 13 April 2013

Reviewer: Karen Wynter

Reviewer’s report:

Congratulations to the authors on being open and responsive to feedback. The manuscript is much improved as a result of the review process.

Minor Essential Revisions

"IMB" needs to be defined in the abstract before the abbreviation can be used on its own.

There are still some typographical errors eg "sex partner)"s".

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
