Reviewer’s report

Title: Development and feasibility testing of a smartphone based attentive eating intervention

Version: 2 Date: 4 June 2013

Reviewer: Barbara Stewart

Reviewer’s report:

My major comments have not been addressed or indeed rebuffed. This manuscript reports a pilot study which owing in part to the small sample size found little.

Level of interest: An article of limited interest

Quality of written English: Not suitable for publication unless extensively edited

Statistical review: Yes, and I have assessed the statistics in my report.
