Reviewer's report

Title: How many Slovenian Family Practice Attendees are Victims of Intimate Partner Violence? A Re-evaluation Cross-sectional Study Report

Version: 2 Date: 13 July 2013

Reviewer: Janko Kersnik

Reviewer's report:

An interesting study which deserves attention regardless of the limitations quoted in the paper. It should stimulate other researchers to study this phenomenon in perspective of different cultures.

Minor Essential Revisions
Refine the wording, that it will be clear if you write in this paper solely on partner violence men towards women or in both directions.
Family clinic should read family practice.
There are some minor typo errors.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
