Reviewer’s report

Title: Development of a comprehensive list of criteria for evaluating consumer education materials on colorectal cancer screening

Version: 3 Date: 30 July 2013

Reviewer: Annalisa Rosso

Reviewer’s report:

My revisions were all accepted and changes made accordingly. I found that most of questions posed by the other reviewers are already answered in the text, thus I personally consider the manuscript suitable for publication without other revisions.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
