Title: Intimate partner violence and help-seeking - a cross-sectional study of women in Sweden

Version: 6 Date: 31 July 2013

Reviewer: Mariano Salazar

Reviewer's report:

All my comments have been addressed.

Minor essential revision:

Abstract: Revise language in the result section. The sentence starting with "women in both groups.." is difficult to understand.

Background

I suggest to add a subtitle named "IPV and help-seeking" to help the reader to be introduced to the topic.

Methods
