Reviewer's report

**Title:** Tuberculosis case finding based on symptom screening among immigrants, refugees and asylum seekers in Rome

**Version:** 3  **Date:** 20 August 2013

**Reviewer:** Ingunn Harstad

Reviewer's report:

I am satisfied by the response to the previous review.

Discretional revision:

1: line 136-137: "47.2% of the subjects had spent in Italy less than 2 years" - could be changed to "47.2% of the subjects had spent less than 2 years in Italy"

2: line 212-213: "originating for Asia" changed to: "originating from Asia"

3: line 228-229: "Thus, taken together, available--" changed to: "Thus, available"

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.

**Declaration of competing interests:**

I declare that I have no competing interests.
