Reviewer's report

Title: Domestic Violence against Women in Eastern Sudan.

Version: 4 Date: 29 September 2014

Reviewer: Lotta Nybergh

Reviewer's report:

The authors have replied to my concerns and I have one final point, which can be trusted to the authors to amend:

The authors should specifically name which “validated and widely used questionnaire” that they have used, and provide a reference to a study where it was validated.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
