Reviewer's report

Title: Prevalence and Associated Factors of Cervical Intraepithelial Neoplasia: A Cervical Cancer Screening Program Performed on 728,704 Women in Beijing

Version: 4 Date: 5 March 2014

Reviewer: Marcia Edilaine Lopes Consolaro

Reviewer's report:

Major Compulsory Revisions
Various aspects have been inserted in the text as comments. All these aspects must be carefully answered by the authors as they show great fragility in the results of the manuscript.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.

Declaration of competing interests:
