Title: Predictors of onset of cannabis and other drug use in male young adults: Results from a longitudinal study

Version: 3 Date: 4 September 2014

Reviewer: Hrefna Palsdottir

Reviewer's report:

The authors have answered all my original questions and implemented all the changes I have suggested. The aim of the study and the importance of the study is much clearer, especially since the authors have extended the discussion and conclusion sections.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
