Reviewer's report

Title: Adherence to treatment to help quit smoking: effects of task performance and coping with withdrawal symptoms

Version: 8 Date: 7 November 2014

Reviewer: Francesco Pistelli

Reviewer's report:

The Authors have adequately answered to the Reviewer’s comments and the paper is improved. The limits of the study, due to having assessed a highly selected group of smokers, are described in the Methods and Discussion section. This Reviewer has no further comments.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
