Reviewer's report

Title: Syndemics of syphilis, HCV infection, and methamphetamine use along the east coast of China

Version: 5 Date: 4 February 2014

Reviewer: Geneviève van Liere

Reviewer's report:

My response to the manuscript Syndemics of syphilis, HCV infection, and methamphetamine use along the east coast of China by Meizhen Liao, Dianmin Kang, Xiaorun Tao, Yuesheng Qian, Guoyong Wang, Cui Yang, Xiaoyan Zhu, Na Zhang, Zhenqiang Bi, Yujiang Jia and Catherine Cox is the authors have responded sufficiently on the points I raised in my report.

Thank you for your help,

With regards,

Geneviève van Liere.
