Reviewer's report

Title: Chlamydia trachomatis infection rates among a cohort of mobile soldiers stationed at Fort Bragg, North Carolina, 2005-2010.

Version: 4 Date: 3 February 2014

Reviewer: Sharon Kuhlmann

Reviewer's report:

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

1. In the section "Incident Infections" please specify which results refer to Table 1 and which to Table 2 in order to help the reader find the results in the correct table.

Similarly in the section "Recurrent infection", Table 3 is not referred to.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
