Reviewer’s report

Title: Vaccination coverage and its determinants among migrant children in Guangdong, China

Version: 1 Date: 7 January 2014

Reviewer: Nicola Luigi Bragazzi

Reviewer’s report:

The article is well-written, easy-to-follow, clearly described, structured and developed, and provides valuable pieces of information.

DISCRETIONARY REVISIONS

The article could be more scholarly referenced quoting and discussing/comparing findings of other scholars in the same geographical area.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I have no competing interests.
