Title: Actor-partner effects associated with experiencing intimate partner violence or coercion among male couples enrolled in an HIV prevention trial

Version: 2 Date: 7 November 2013

Reviewer: Katie Edwards

Reviewer’s report:

The authors did a commendable job responding to all of my initial concerns. I believe that this paper provides important and interesting data on an understudied and important topic, and have no additional comments or concerns.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
