Reviewer’s report

Title: A Systematic Review of Special Events to Promote Breast, Cervical and Colorectal Cancer Screening in the United States

Version: 1 Date: 6 February 2014

Reviewer: Deborah Bowen

Reviewer’s report:

Major compulsory issues

1. Don’t repeat findings in the abstract conclusions, just draw conclusions.

2. The presentation of the conceptual model is not really supported by the review, or by the data from the review, and is not necessary to the review. It should be dropped from this manuscript.

3. On page 8 in the current version you should make a full list of the included outcomes by type of outcome. What actually was reviewed and included?

4. Provide a sentence as to the reasons for ineligibility of the large number of ineligible articles.

Level of interest: An article of outstanding merit and interest in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.
