Reviewer's report

Title: Determinants of eating behaviour in university students: a qualitative study using focus group discussions

Version: 1 Date: 25 October 2013

Reviewer: Sareen Gropper

Reviewer's report:

Major compulsory revisions
Please address whether or not the sample size is sufficient in number to adequately address the study's purpose. Moreover, given the 35 students were from years 2 to 5 at the university, can one expect to see differences in behaviors based on year in school. Finally, can you address whether behaviors differed based on gender.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
