Reviewer's report

Title: Acceptability of self-collection sampling for HPV-DNA testing in low-resource settings: a mixed methods approach

Version: 3 Date: 9 May 2014

Reviewer: Lindley Barbee

Reviewer's report:

The revised manuscript is much improved. It is more readable and I appreciate that the summary findings have been tempered. I do not see any necessary revisions at this point.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have not competing interests.
