Reviewer's report

Title: Disparity of anaemia prevalence and associated factors among rural to urban migrant and the local children under two years old: a population based cross-sectional study in Pinghu, China

Version: 2
Date: 14 May 2014

Reviewer: Zumin Shi

Reviewer's report:

The responses and revised manuscript are satisfactory. I have no major comments. The following two papers on magnesium and anemia may be relevant and included in the discussion.

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: Yes, and I have assessed the statistics in my report.

Declaration of competing interests:
