Reviewer's report

Title: Midlife insomnia and subsequent mortality. The Hordaland Health Study.

Version: 3  
Date: 1 July 2014

Reviewer: Tetyana Kendzerska

Reviewer's report:

The comments were addressed properly and in details. Considerable amount of work was done to improve the manuscript.

One minor point: amount of missing values (e.g., range per variables) need to be described in the manuscript (even as a footnote for Table 1).

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
