Reviewer's report

Title: Gender-based differences in the high-risk sexual behaviours of young people in Melilla (Spain): a transversal study

Version: 2 Date: 1 April 2014

Reviewer: Honor Young

Reviewer's report:

Please see attached

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
