Reviewer’s report

Title: The effect of gender and age on the association between weight status and health-related quality of life in Australian adolescents

Version: 3 Date: 29 July 2014

Reviewer: Silvia Bel-Serrat

Reviewer’s report:

The manuscript has notably improved after the revision and many aspects are now clearer. The authors have properly addressed the questions.

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:

I declare that I have no competing interests.
