Reviewer’s report

Title: Helicobacter pylori infection in pregnant women in four districts of Uganda: role of geographic location, education and water sources

Version: 1 Date: 2 May 2014

Reviewer: Reza Malekzadeh

Reviewer’s report:

I suggest that paper be reviewed by a bacteriologist and statistician also

Level of interest: An article of limited interest

Quality of written English: Acceptable

Statistical review: Yes, but I do not feel adequately qualified to assess the statistics.
