**Title:** Knowledge of Community and Family practices of Integrated Management of Childhood Illnesses and Association with Nutritional Status in Under-five Year-old Children in Northern Uganda: A Community-Based Cross-Sectional Survey.

**Version:** 2  
**Date:** 13 January 2014

**Reviewer:** Ingunn Engebretsen

**Reviewer's report:**

Please see attachment

**Level of interest:** An article of importance in its field

**Quality of written English:** Needs some language corrections before being published

**Statistical review:** Yes, and I have assessed the statistics in my report.

**Declaration of competing interests:**

I declare that I have no competing interests but I acknowledge that I am having close collaboration with your clinical colleagues and thus must be careful in further reviewing this paper. I think the concept is interesting, deserves publication and is extremely important. I wish the writing and analysis group good luck in completing this manuscript. Hopefully, you find this review useful.
