Reviewer's report

Title: A retrospective population based trend analysis on hospital admissions for lower respiratory illness among Swedish children from 1987 to 2000

Authors:

Ove Bjor (ove.bjor@lvn.se)
Lennart Braback (lennart.braback@lvn.se)

Version: 2 Date: 11 Jun 2003

Reviewer: Job BM van Woensel

Level of interest: A paper of limited interest

Advice on publication: Other (see below)

After reading the revised manuscript and the additional letter of the authors, I feel that the manuscript has improved and that the authors have given attention to most of the criticisms I raised.

Competing interests:
