Reviewer’s report

Title: The contribution of leading diseases and risk factors to excess losses of healthy life in eastern Europe: burden of disease study

Version: 2 Date: 18 September 2005
Reviewer: Thomas Novotny

Reviewer’s report:

General: The authors have done a very good job responding to this reviewers detailed comments. There are still some elements of ‘discussion’ in the results section, but not enough to warrant further delay.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Alcohol is mispelled on page 7

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
