Reviewer's report:

General

---------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
None

---------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Just a couple of grammatical errors and editing suggestions.
Page 8 - 1st paragraph under Results - need to indent
Page 11 - Jamaat al Muslimeen paragraph: individuals and families who (not that)
Page 12 - SDA under abstinence: ...If it's (not its)
Page 14 - Capitalize H in homosexuality
Page 14 - 3rd paragraph under sexuality and homosexuality: Some groups have, however, responded (add the commas before and after however)
Page 18 - paragraph beginning "The first interviewee went to ..." remove the word "was" after church (currently states ....church was provided peace and solitude)
Page 22 - "reality" - italicize entire word - 1st two letter are not but remaining letters are

Be consistent with writing out numbers - for example, some numbers were written in words and others were written in # form (for example, page 25 - sentence "On average, only 1..." but in other places it was different.

---------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
