Reviewer's report

Title: Epidemiology of leisure-time physical activity, in relation to socio-demographic, lifestyle and psychological characteristics of men and women, in Greece; the ATTICA Study

Version: 2 Date: 4 April 2005

Reviewer: Merete Osler

Reviewer's report:

General

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
No further comments

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
No further comments

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable
