**Title:** The Regional Differences in Prevalence, Medical Expenditures and Risk Factors for Injury in Taiwanese Teenagers

**Version:** 4  **Date:** 9 March 2006

**Reviewer:** Roderick McClure

**Reviewer's report:**

General

I am satisfied that the authors have addressed the concerns I had previously raised.

-----------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------------------

**What next?**: Accept without revision

**Level of interest:** An article of importance in its field

**Quality of written English:** Acceptable

**Statistical review:** No
