Reviewer's report

Title: Changes in Health Related Quality of Life 3 months after an acute coronary syndrome

Version: 2 Date: 17 January 2006

Reviewer: Marianne A Ch Carlsson

Reviewer's report:

General

------------------------------------------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)
The authors have addressed all my comments in a satisfactory way
------------------------------------------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:
I declare that I have no competing interests.
