Reviewer’s report

Title: Albinism in Africa as a public health issue

Version: 2 Date: 5 May 2006

Reviewer: Rebat Halder

Reviewer’s report:

General

-----------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
Were there any differences noted in Francophone versus Anglophone countries in Africa in the way albinos are treated by society? If this could not be determined in the survey, do the authors have any conjecture regarding this?

What next?: Accept after discretionary revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
