Reviewer's report

Title: Effect of socioeconomic status on three-year mortality after first-ever ischemic stroke: Nanjing Stroke Registry

Version: 2 Date: 18 July 2006

Reviewer: Moira Kapral

Reviewer's report:

General
I am satisfied with the revisions.

Exceptional

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

The manuscript could benefit from further editing to improve English grammar and flow.

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No
