Reviewer's report

Title: Cross-sectional survey of older peoples views related to influenza vaccine uptake

Version: 2 Date: 20 July 2006

Reviewer: Douglas M Fleming

Reviewer's report:

General

I agree that this revision has incorporated the revisions I proposed and is acceptable for publication.

----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

----------------------------------------------------------------------------------

What next?: Accept without revision
