Reviewer's report

Title: Outbreak of acute gastroenteritis in an air force base in Western Greece

Version: Date: 2 21 August 2006

Reviewer: Yvonne T Van Duynhoven

Reviewer's report:

General

--------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

--------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

- on page 5 'respectfully' should be omitted (I assume 'respectively' is meant, but it is not necessary to add this word), 'inevitable' should be 'not feasible' and 'incidence' should be 'incident'.

--------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

--------------------------------------------------------------------

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
