Reviewer's report

Title: Management of high-risk patients with hypertension and left ventricular hypertrophy in Germany: role of cardiac specialists

Version: 2 Date: 7 August 2006

Reviewer: Michael Ho

Reviewer's report:

General

--------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached): The authors have responded to all comments from the initial review.

--------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)
None

--------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)
None

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
