Reviewer's report

Title: Percutaneous injuries among dental professionals in Washington State

Version: 4 Date: 17 August 2006

Reviewer: Peter Leggat

Reviewer's report:

General

Thanks for the revised manuscript, which is looking OK.

------------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Nil

------------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

The conclusions in the abstract need to be consistent with the conclusions in the main text

------------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
