Reviewer's report

Title: Postpartum practices of puerperal women and their influencing factors in three regions of Hubei, China

Version: 2  Date: 12 September 2006

Reviewer: Colin Binns

Reviewer's report:

General
I am happy that the authors have addressed my concerns. I believe that the paper can now be accepted for publication.
However it still needs extensive revision of English. Unfortunately I am travelling at present and cannot undertake this task

CWB

-----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

-----------------------------------------------------------------------------------

What next?: Accept after minor essential revisions

Level of interest: An article of importance in its field

Quality of written English: Needs some language corrections before being published

Statistical review: No
