Reviewer’s report

Title: Male gonadal dose of ionizing radiation delivered during X-ray examinations and monthly probability of pregnancy: a population-based retrospective study.

Version: 2 Date: 26 January 2006

Reviewer: Jens Peter Bonde

Reviewer’s report:

General
Thanks, I have re-reviewed the above paper by Sandra Sinno-Tellier et al. The replies to the various issues that were raised are very comprehensive, accurate and adequate in all respects. I have no hesitations whatsoever to recommend to publish this important and original work and congratulate the authors for their interesting and skilful research.
