Reviewer's report

Title: The development of a multidisciplinary fall risk evaluation tool for demented nursing home patients in the Netherlands

Version: 3 Date: 6 December 2005

Reviewer: Ngaire Kerse

Reviewer's report:

General

-----------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

I am happy that the amended manuscript adequately addresses the comments in my review and recommend the manuscript for publication
sorry for the delay in my reply
Ngaire Kerse

-----------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-----------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No
