Reviewer's report

Title: Differences in avoidable mortality between migrants and the native Dutch in the Netherlands

Version: 3 Date: 10 February 2006

Reviewer: Oliver Razum

Reviewer's report:

General
My comments have been taken into consideration, so the article can now be published.

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable
