Reviewer’s report

Title: Focus Group Interviews examination of knowledge, attitude and practice to lead exposure in South Western Nigeria

Version: 4  Date: 15 February 2006

Reviewer: Michelle C Kegler

Reviewer’s report:

General

This paper is much improved. It still needs a thorough edit for grammar and use of English language but I’m satisfied with the responses to the issues I made in the initial review.

----------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

----------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

----------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: No
