Reviewer's report

Title: Patients with femoral or distal forearm fracture in Germany: a prospective observational study for health care situation and outcome

Version: 3 Date: 14 March 2006

Reviewer: Lois Wehren

Reviewer's report:

General
Based on their responses and the revisions to the text, I am agreeable to its acceptance for publication.

------------------------------------------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

------------------------------------------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

------------------------------------------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

------------------------------------------------------------------------------------------------------------------

What next?: Accept without revision
