Reviewer's report

Title: Household and community socioeconomic and environmental determinants of child nutritional status in Cameroon

Version: 5 Date: 15 March 2006

Reviewer: Yves Martin-Prevel

Reviewer's report:

General

The authors have satisfactorily responded to remaining issues. I do think that the paper is now acceptable for publication.

-------------------------------------------------------------------------------
Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

none

-------------------------------------------------------------------------------
Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

none

-------------------------------------------------------------------------------
Discretionary Revisions (which the author can choose to ignore)

none

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No
