Reviewer's report

Title: Invasive meningococcal disease epidemiology and control measures: a framework for evaluation

Version: 2 Date: 4 December 2006

Reviewer: Adam Finn

Reviewer's report:

General

Revisions in response to my earlier comments appear satisfactory

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No

Declaration of competing interests:

I have received reimbursement of costs and honoraria to attend and to speak at conferences from Sanofi-Pasteur in the past 5 years and am in negotiation with them concerning involvement in conduct of a clinical trial. Income received has been paid into an educational fund held on my behalf by my employer.
