Reviewer's report

Title: Cause-specific Inequalities in Mortality in Scotland: Two Decades of Change. A Population-based Study

Version: 2 Date: 5 July 2007

Reviewer: Gwenn Menvielle

Reviewer's report:

General
the authors have taken into account the comments I made. I think the paper has improved and can now be accepted ofr publication.

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article of importance in its field

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
I declare that I have no competing interests.
