Reviewer's report

Title: Prevalence of overweight and obesity on the island of Ireland: Results from the North South Survey of Children's Height, Weight and Body Mass Index, 2002

Version: 4 Date: 2 July 2007

Reviewer: Ewa Malecka-Tendera

Reviewer's report:

The revised version of the paper has an improved quality to the extent that it may be considered for publication now. There are still some typographic errors that should be corrected (in ex.Conclusions- ..inn particular Type II Diabetes).
