Reviewer's report

Title: Prevalence of overweight and obesity on the island of Ireland: Results from the North South Survey of Children's Height, Weight and Body Mass Index, 2002

Version: 4 Date: 13 July 2007

Reviewer: Jonathan C Wells

Reviewer's report:

General
This paper is now fine

-------------------------------------------------------------------------------

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

-------------------------------------------------------------------------------

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

-------------------------------------------------------------------------------

Discretionary Revisions (which the author can choose to ignore)

What next?: Accept without revision

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Acceptable

Statistical review: No, the manuscript does not need to be seen by a statistician.

Declaration of competing interests:
